

Today: revised and formatted mini-posters; poster sessions.

Next class: related work. Bring a hardcopy of your current list of references, with proper details and formatting.

1. List the members of your group below. Underline your name.
2. List some important criteria for evaluating posters and live interactions with presenters at poster sessions. Highlight the top three for each.
3. List three significant suggestions for improvement of posters and the accompanying explanations, drawing from the experience in the previous class.
4. Provide a critique of each poster reviewed by your group, focusing on the items from Question 2. Identify posters by titles and authors.

[additional space for answering the earlier question]
