

Today: Progress reports.

Next class: Figures, charts, and other graphical elements. Bring a hardcopy of your current report, after working on at least three suitable figures.

1. List the members of your group below. Underline your name.

2. For each presentation:
 - (a) note the presenter, advisor, and project title;
 - (b) list the primary tasks;
 - (c) comment on the level of completion, quantified as a number in $[0, 10]$;
 - (d) list three strengths;
 - (e) list three weaknesses; and
 - (f) provide three concrete suggestions.

[additional space for answering the earlier question]
